

Sister Josephann Wagoner, SSND – 60 Year Jubilee!

"God has gifted me
throughout these 60 years..."

As I look back on my journey of life, it began as a family of love and care for each other in the City of Baltimore with devoted parents.

My mom and dad were active members in the church, placing each of the three of their children on the altar of St. Jerome's convent chapel at their baptism.

We all lived in the neighborhood community. Being a middle child, I learned to be more independent. My family encouraged me to make the commitment to the School Sisters of Notre Dame. I never knew any other religious community except SSND.

After the death of my mother, I signed up for the Global Experience in 1989. My pain was great, but the life stories of El Salvador changed my life.

My teaching experience had me traveling all over: Washington, DC; Pittsburgh, PA; Philadelphia, PA; Baltimore, MD; Tampa, Florida, and even a year in Guatemala.

In my years in Religious Life I served as teacher, principal for 36 years, in leadership, and in my present service to our elder Sisters in Skilled and Assistant Living.

It is a community that supports, nourishes, and challenges us to be all that we can be. *Cont'd ...*

Sister Josephann Wagoner, SSND – Cont'd

Throughout the years the more I gave the more graces I received.

I see my life as a tapestry of many colors, as my experiences entwine with my life.

God has gifted me throughout these 60 years as a School Sister of Notre Dame and graced me for what the future holds.
