For board chairs, board members and administrators

Discernment: A Method to Aid SSND Mission Leaders in Decision-Making

Tuesday, November 10, 2020

7:00 - 8:30 p.m. Eastern/6:00 - 7:30 p.m. Central

Discernment is an essential skill for mission leaders in SSND sponsored and co-sponsored ministry, to aid in mission-oriented decision-making. Conventionally used as an individual process, discernment is used increasingly in faith-based organizations to align the ministry (including schools) with its mission, vision, values and identity.

In this webinar, participants will be provided a brief overview of organizational discernment, its importance, models for organizational discernment, and an opportunity to apply a discernment process towards a case scenario. There will be time for prayer, reflection, and sharing. This webinar is intended for those engaged in board work in SSND sponsored and co-sponsored ministry, especially board chairs and chief administrators.

To register for this webinar, please click on the title.

Please register no later than one week before the session.

Presenter: Patrick Laorden – Associate Director of Ministry Services

Facilitator: Yvonne DeBruin – Director of Ministry Services

Sponsored by: Ministry Services, Atlantic-Midwest Province, School Sisters of Notre Dame
