

Sister Alfreda Kimpel SSND - 70 Year Jubilee!

Here I am looking back over 70 joyful and grateful years as a School Sister of Notre Dame, filled with awe and amazement:

- Awe at how God could use me as an instrument of LOVE all these years in places like St. Agatha Orphanage in Ontario, England, Bolivia, and now Notre Dame Convent.
- Amazement at God's continual and constant PRESENCE in me - and who made me who I am today!

Sister Mary Jane taught primary grades, kindergarten, first and second grades, all of her active religious life. She loved teaching and loved helping the children learn to read and get a good start in their education. Sister Mary Jane also loved to draw, color and paint.
