

Sister Helen Miriam McGonagle, SSND - 60 Year Jubilee!

Gratitude to SSND for all these many years!

Actually, no one Ministry takes precedence over another, as I thrust myself into each and every one, beginning and ending in the teaching field. Fields from teaching to school secretary to Parish Ministry and back to teaching.

My Ministries were all enjoyed, but a special leaning was toward Grade One and in the preparation for First Holy Communion and the reception of the Sacraments and the fulfillment of the Ten Commandments. The last, bringing them back to when they received their First Holy Communion and the preparations, as I 'graduated' to Grade Four, and to remind them how it follows them through life! Always telling them to put God first in their lives. We do all things for Him!

I also want my message to go to the Provincial Teams who supported me along the way and how important they are, as we don't tell them enough!

The 'theme' I hold in my heart is gratitude to SSND for all these many years!

My photo seems to be a culmination of my years of life and 60 years in SSND to date, from all of the above to the Ministering of my family to which I am most grateful!

Sr. Helen Miriam SSND
