

Sister Rosemary Spodnik, SSND – 70 Year Jubilee!

“...I am grateful for many good memories!”

My life has been filled with rich experiences, both before and after I entered religious life.

I attended Notre Dame College (now University) in Maryland for one year after high school. Then I worked for 10 years in various secretarial jobs.

I had an entertaining social life, and even a temporary engagement for marriage!

Eventually, my desire to join my sister, Theresia, and my aunt, Sister Quintina, became strong and I entered the School Sisters of Notre Dame.

I look back at each ministry with fondness, humor and love. My life has been full. I'm grateful for many good memories!
